

Resource App

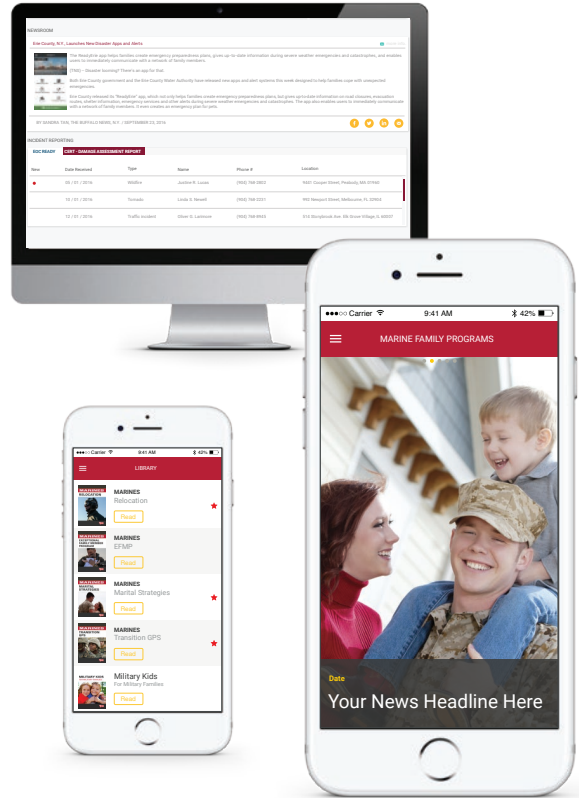

Reliable Content. Innovative Delivery.

Introducing the QuickSeries® Marine and Family Programs Resource App

As content delivery experts, we know the value of delivering vital information, at the right time, to the people who need it.

Marines and their families need easy access to resources and programs that will help them thrive in military life. That's why we created the **Marine and Family Programs Resource App**.

Now you can deliver the latest news, program information and resources to your installation's Marines and families. This comprehensive app comes preloaded with five Essential eGuides of your choice, and it can be enhanced at any time with additional relevant titles from the QuickSeries® library.

Resource Hub

Give Marines and their families access to the information, support services and resources they need at their fingertips.

Customizable

Deliver content and resources that speak to the specific needs of military families on your installation.

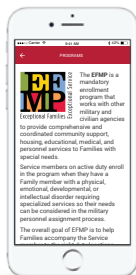

User-Friendly

Provide a go-to app that is both engaging for your community and easy to manage through the Web-based administrative portal.

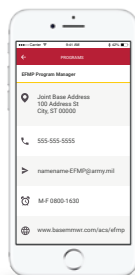

Make the Marine and Family Programs Resource App Your Own

Complete Program Details in One Hub

- Information about all your installation's Family Programs, presented in one convenient place

Easy Access to Program Contacts

- Up-to-date contact information for all your Family Programs and in-app call and email functions

Content-Rich Resource App

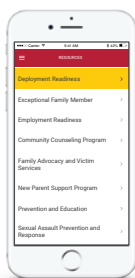

- Five Essential titles of your choice from our vast library of relevant eGuides
- Enhance your app with additional QuickSeries® titles

Engaging News & Alerts

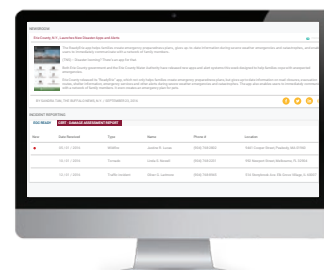

- Updates about news and events delivered directly to your entire community
- Urgent news? Push notification lets you instantly alert all users

Complementary Resources

- Web links and contact buttons for other services and resources vital to your community's well-being

User-Friendly Web-Based Portal

- The administrative portal makes it easy to manage your app
- Instantly deliver updated program information, contacts, news and resources – no technical knowledge required!
